

TECH INNOVATION ZONE

The 48th Union World Conference on Lung Health is pleased to announce a new opportunity for emerging companies to exhibit at the conference.

The Tech Innovation Zone welcomes new companies working on exciting innovations in technology and health. Companies may showcase their products, prototypes and ideas at a discounted rate of €1,500.

Benefits include:

- An individual showcase space of 1x2 metres each
- An allocated timeslot for product demos and company presentations
- A centrally located spot in a high-traffic area of the exhibition hall
- Access to other exhibiting companies and networking opportunities
- Two exhibitor's badges

Companies must:

- Be actively working on new technology related to health
 - Be an independently established tech start-up
 - Have been founded in the last five years
-

Spaces are limited.
Contact the secretariat at guadalajara2017@theunion.org for more information and to reserve a space.
